5.20 Festival Monitoring:

1. Ganesh Utsav (Idol Immersion)

People of Gujarat celebrate various festivals like Navratri, Diwali and Ganesh Utsav during the year. While celebrating the festivals there is a possibility of Environment Impact on nearby water body or ambient air quality. Central Pollution Control Board has developed specific guidelines for the monitoring purpose during the festival celebrations. GPCB is also monitoring ambient air quality and Noise level at various locations in the state during Navratri and Diwali festival. While celebration of Ganesh Utsav, GPCB is monitoring nearby water body to know the environment impact. GPCB is also creating public awareness with the help of NGOs to minimize the pollution generated during the festival celebrations.

5.21 Analytical Quality Control (AQC)

GPCB has established Environmental Laboratories at Gandhinagar as well as 8 Regional Offices at Vadodara, Bharuch, Surat, Vapi, Rajkot, Bhavnagar, Jamnagar and Bhuj which have been notified as State Laboratories in the Gazette of GoG. In addition, the State of the Art Laboratory-SARL at Gandhinagar, well equipped with Sophisticated Analytical Instruments is recognized under The EP Act-1986.

Central Laboratory, Gandhinagar has participated in the Performance of Toxicity Test for Inter Laboratory Comparison Programme organized by Central Pollution Control Board, Delhi during the year 2022-2023. The analysis was carried out precisely & in required time frame, the results were sent to the CPCB, Delhi and found satisfactorily.
